The Benefits and Process of Data Blogging

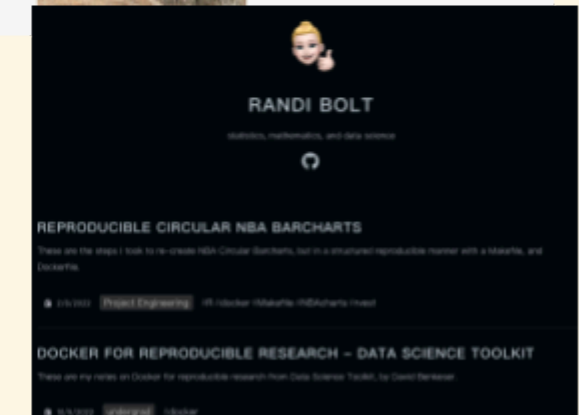

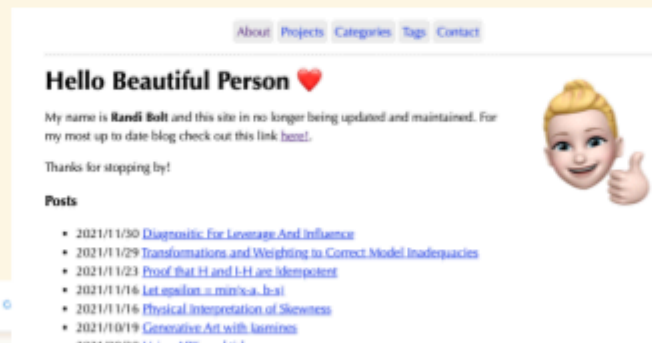

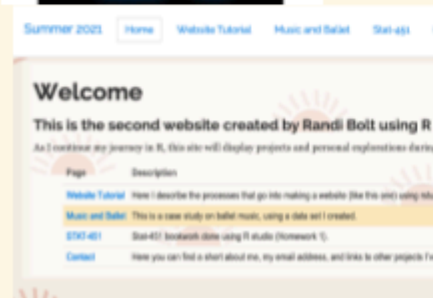

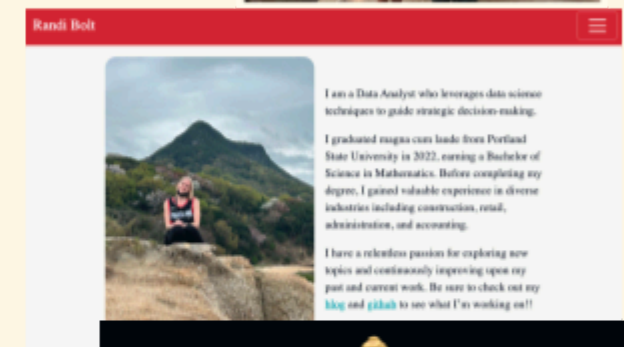

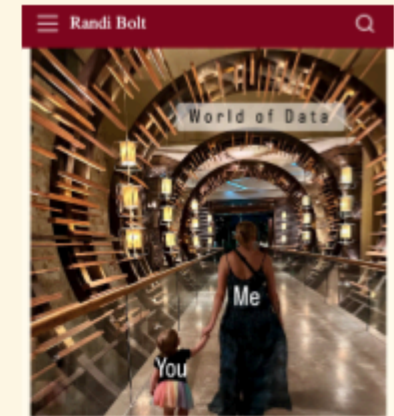

Randi Bolt

2024-05-22

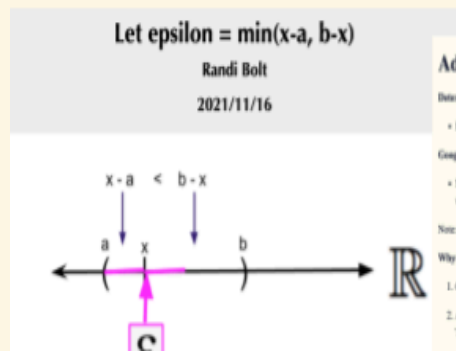

# AGENDA

- Why start a blog.
- How to create a blog (high level steps).
- What to consider.
- Where to find more information.

# WHY

- Joy in Expression & Self Discovery
- Own Your Narrative
- Continuous Growth and Learning
- Reveal Fresh Perspectives
- Data Advocacy and Empowerment
- Embedded in R Culture

**Advice :**

**Distally**

- If you don't know what a symbol is, show it to Distally [here](#).

**Google Docs Equation Editor**

- Most latex backslashes work in google doc's equation boxes. If I have to do a "quick" homework, and don't want to spend a lot of time formatting a pdf in R, I will use google docs and latex in the equations boxes.

Note: This is how I began learning latex.

**Why learn Latex?**

1. Generally speaking it looks nice, especially on reports or presentations.
2. A lot of my peers and professors who write math by hand would have problems in their dominant writing hand. Typing math with latex helps spread that tension out to two hands.

**PORTLAND R USER GROUP:  
AGGREGATE MAKING TABLES  
WITH GT PACKAGE**

34/2/2022 35-minute read

Ted Landauer led this event for Portland R User Group where we watched Rich Iannone's Making Beautiful Tables with (gt) RStudio as a group on YouTube, and then went through some other examples.

**Creating Test Data for Grants Claim Submissions**

PUBLISHED May 22, 2024

In this blog post I outline the steps I took to create a test data set to verify the functionality of a tracking system for the Oregon Department of Education (ODE).

Grantee Name	Lead Contact	Grantee Type	Submission Date	Submission Cycle	Total Claims Amount	Claims Status	Claims Issues
Grantee 1	Chloe 1 Smith	District	2024-01-01	Monthly	\$124,331.50	Good	None
Grantee 1	Chloe 1 Smith	District	2024-02-01	Monthly	\$124,331.50	Good	None
Grantee 1	Chloe 1 Smith	District	2024-03-01	Monthly	\$124,331.50	Pending Review	High discrepancy
Grantee 1	Chloe 1 Smith	District	2024-04-01	Monthly	\$124,331.50	Good	High discrepancy
Grantee 1	Chloe 1 Smith	District	2024-05-01	Monthly	\$124,331.50	Pending	None

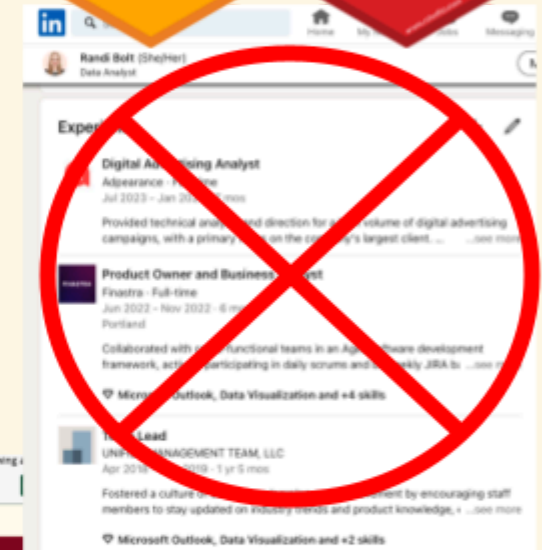

# HOW

- Knowledge Acquisition  
Ideation  
Planning
- Configure  
Personalize  
Post
- Setup  
Version Control  
Deployment
- Aesthetics  
Ownership  
Analysis

# WHAT

- Prioritize Accessibility
- Select the Right Tool for the Job
- Avoid Duplicating Other Profiles
- Consider Your Audience

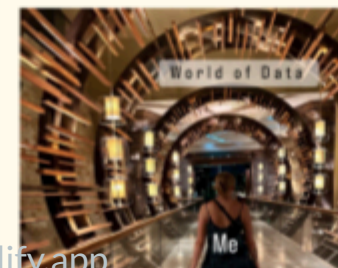

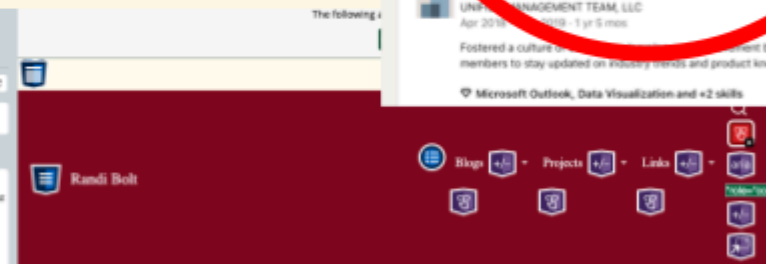

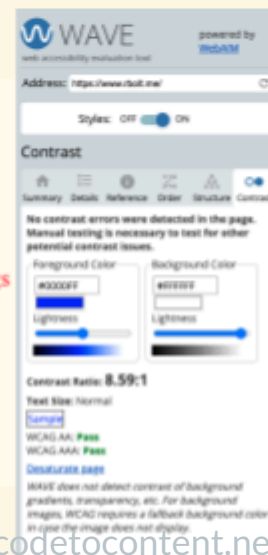

**Central Display:** Technical Blog

**Feature Roses:** Book Reviews & Personal Blog

**Showpiece Structures (Projects):** Dashboards ,  
Data Visuals & Analysis , Educational Insights , Talks and Archive Blogs

**Thematic Area (Links):** Email , Github, LinkedIn ,  
Letterbox, and Spotify

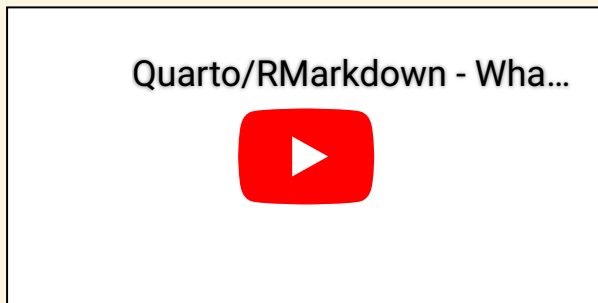

Enjoy!
